Fuck Rick & Morty.

I tried watching and got halfway into an episode before I decided it was a waste of my time. Also, I REALLY don't need to see the Doc Brown ripoff character slurping up his snot all the time, or whatever the hell disgusting thing he was doing. Yeahhhhhh, no thanks.

I've found the show to be religion triumphing over proud atheists.

Rick constantly refutes God and denies Him, but time and time again we see Rick doesn't truly believe what he says he believes.

It got to the point where Jesus literally saves them, and Rick fights a demigod, wins, and admits "If it were the real deal things would have ended very differently".

I heard rumours that Pence will silently approve the corrupt electors without really being seen and then “disappear” during his trip never to be seen again.... He better double up on the secret service protection and make sure to not accept food or drink from anyone that isn't a vetted Trump ally. This could be a two pronged assault against POTUS and VPOTUS so that a dem president takes charge and allows the steal to occur without opposition

As someone that lives outside DC, consider booking a hotel outside the city and take the MARC (train) in. Personally I like to drive to the Greenbelt station and catch the train there. Super easy and parking is easy.

There's lots of parking at the Shady Grove metrorail station, at the end of the Red Line, too.

Many federal employees are still working from home, so they're not parking at stations and getting on the train.

Lasik is a bad idea. Your eyes will change. You cant have near and far. One or other. It starbursts night vision bad. You can get growths after. They dont akways do a good job. You sign your life away. Out of 4 friends 1 had good luck.

I had the old RK surgery years ago. My vision has been 20/20 since and has actually gotten better. As you age, astigmatism is naturally straightened out. Starburst lights were a little noticeable at first, now I think they're gone. Always thought Lasik was better than the old RK method.

So what is the alternative to Lasik then? Because I was thinking of getting it done some time in the future when I can finally afford it. (Along with a hearing-aid.)

I don't want to wear glasses forever and contacts are a fucking pain in the ass to put in.

Former basketball star Kareem Abdul-Jabbar has called upon Big Tech social media giants to censor and deplatform conservative celebrities such as James Woods and Jon Voight.

In a lengthy op-ed in The Hollywood Reporter (THR), Abdul-Jabbar argued that such conservative celebrities do great harm to the fabric of society and should be silenced.
